

Built on decades of experience, Bold Earth's packing lists include all the essential items students need for a successful trip. Please note that students are required to have all items on the packing list; one ill-prepared student can negatively affect the safety and fun of the entire trip, so please come prepared. Students who arrive without all the necessary equipment may be required to purchase missing items. We review these lists every year; please do not pack more than what is listed.

**Weather:** Ecuador and Peru can have varying day and nighttime temperatures ranging from 62°F to 69°F. This trip will feel like summer throughout the day and can get cold in the evenings. Be sure to bring an extra sweatshirt/jacket for those evenings camping in Peru!

**Buying guide:** The linked items are simply recommendations and examples. Don't break the bank on every piece of gear; many items, like sweatshirts, long underwear, water bottles, headlamps, and duffel bags, can be found at less expensive prices at big-box stores like Target. (Remember, higher cost doesn't always mean higher function.)

However, don't skimp on more important items like a waterproof rain jacket, hiking shoes, and sandals—these need to be higher-quality items ideally from an outdoors-specific store. Visiting a local outdoor gear store is a great way to try things first hand.

**Travel and packing tips:** Pack essential items in your carry on. This includes; a change of clothes, essential toiletries, contacts/glasses, prescription medications, cell phone & charger, ID, and water bottle. You may carry on your sleeping bag as your personal item. This will ensure you have it upon arrival and makes space in your duffel. If your trip requires a backpack, you can try to fit it in your duffel. This will reduce the number of bags you check. Wear closed toed shoes and clothes for the outdoors on airport day in case of baggage delay.

**Cotton:** A popular backcountry saying is “cotton is rotten.” Cotton cannot provide insulation when wet and can take a very long time to dry, but it's more comfortable when relaxing in camp. By bringing synthetic clothing in addition to cotton clothing, you will be warm and comfortable no matter the conditions.

**Rain gear:** Waterproof/breathable rain gear is required. Double-check with a salesperson that you are buying a waterproof, not water-resistant, shell. Students do not need windbreakers, ponchos, or heavy, insulated ski—a simple waterproof rain jacket will suffice.

**Eyeglasses or contacts:** It's easy to change your contacts, and you'll always be able to wash your hands before you touch your eyes. Please bring solution, extra pairs of contacts, and glasses just in case. If you wear glasses, please bring a strap to keep them on during activities. You can bring separate sunglasses or the kind that go over your glasses.

**Break in your shoes:** This will help prevent blistering and possibly stress fractures. Try to walk at least 20 miles (it doesn't have to be all at once) in your hiking shoes to ensure they are broken in prior to your trip.

**Spending money:** All activities, meals, transportation and lodging are included on your Bold Earth adventure. However, we suggest bringing approximately \$75 per week. This is for personal expenses, baggage fees, gear replacement and souvenirs. Cash plus an ATM or Credit Card is best because sometimes airlines will not accept cash for baggage fees. If there is an **emergency**, Bold Earth can advance money.

**Baggage fees:** Each airline has different fees for checked baggage. Save or bring cash for the end of the trip to check your bags home. Before arriving at the airport, check the baggage policies for your reservation. If you have difficulty locating this information, the Bold Earth team will be happy to assist you!

**Identification:** For international flights, U.S. citizens are required to show or carry a government-issued passport at the airport. For non-U.S. citizens traveling internationally, you will also be required to have a passport. Your trip leader will be happy to hold any ID or important documents.

**Laundry:** We visit laundromats every 6-9 days (once on a two week trip and twice on a three week trip). You will wash your own clothes, we provide the suds, coins and know-how. Because our students have similar clothing and gear, please **label every item with your student's name**.

**We will provide:** Bold Earth will provide a lot of group gear, such as tents, mess kits, cooking gear, knives, tarps, and technical gear required for activities like rock climbing, whitewater rafting, etc.

## REQUIRED EQUIPMENT

\_\_\_\_\_ **Duffel bag:** We suggest a durable, soft-sided duffel approximately 70 liters in capacity. We prefer duffel bags that do not have wheels.

\_\_\_\_\_ **Daypack:** One daypack to be used during the day to carry personal items. A school backpack is usually fine (about 20 liters in capacity).

\_\_\_\_\_ **Sleep Sheet:** This is different from a sleeping bag. It is your own sleep sheet to use as a liner for your hotel or hostel bed.

\_\_\_\_\_ **2 one-liter water bottles:** We recommend a simple, wide-mouth Nalgene style bottle (without straws)

\_\_\_\_\_ **Headlamp and batteries:** LED lights have better performance and are lighter weight compared to incandescent.

\_\_\_\_\_ **Passport:** Passport must be valid for 6 months after the trip. Please bring 2 photocopies of the passport and leave an additional copy at home.
